So the Structure & Program Advisory Committee can more precisely TAP each office, we want to change the schedule to a four-year system. This coincides better with the collegiate four-year graduation schedule, so during each student's stay at Western each office gets TAP once. Also, we want the schedule to become quadrennial while still sporting the cool acronym "TAP" that doesn't sound like "QuAP!"

Tac-ti-cal: –adjective

of or pertaining to a maneuver or plan of action designed as an expedient toward gaining a desired end or temporary advantage.

It is the intent of the TAP to explore issues relating to diversity within the Associated Students. This will include an analysis of the AS Mission Statement, and an amending recommendation may be made to the Board accordingly.

Motion: Replace the old TAP schedule with the new schedule below. Change all references of "Triennial Assessment Program" to "Tactical Assessment Program." Change office 3-year requirements to 4-year requirements.
