

Students for Sustainable Food is hereby submitting language for an advisory initiative to appear on the Spring ballot.

The Real Food Campus Commitment would require WWU's dining service contractor to:

- annually increase procurement of 'real food'—defined as local/community-based, fair, ecologically sound, and/or humane by the Real Food Calculator—so as to meet or exceed 30% of food purchases by 2020
- establish a transparent reporting system to assess food procurement
- form a food systems working group (comprised of students, staff, faculty, food service managers, food service workers and relevant local stakeholders) responsible for developing and coordinating the implementation of an official real food policy and multi-year action plan

Should WWU sign the Real Food Campus Commitment?    Yes    no
