Background & Context

From the January 28, 2014 AS Personnel Committee meeting:

A. Local Liaison JD

Hernandez said that they saw this job description fall quarter. It was a work study position at first, moving into an hourly, and then increasing the hours for this position. The Board requested that the Personnel Committee consider making this a salaried position. The current position holder has found it hard to stay within hours some weeks. Also many of the meeting occur off campus and include travel. Currently office hours are listed at 3 hours. Monger will confirm with Galloway that this is still the amount they would like to require Rosenberg is concerned about requiring a position to work with a work study position because currently the position is not filled. Change to “or REP Associate Director.” Rybalka asked what happens to the information once it is collected. Guizar said that there are regularly scheduled meetings with the REP Associate Director and AS VP for Governmental Affairs. Add “and reports information to the AS Board of Directors through the AS VP for Governmental Affairs.” Guizar said that mostly the position is informing the community of what Western is doing, as well as passing on new concerns/information to the AS Board.

MOTION PC-14-W- by Guizar

From the November 8, 2013 AS Board Meeting document:

A. AS Local Liaison Hours

(10 minutes) Galloway Doc. 2

Joseph Levy is in his fourth week as AS Local Liaison. He has prepared an hourly breakdown of the work that he has completed so far. He has been unable to complete all of his duties. Even with a reduction in duties, he was still unable to stay within the 10 hours per week allotted. Kaylee Galloway, AS VP for Governmental Affairs, has included justifications for increasing the position to 14 hours average per week. This puts them right below what a 15 hour salaried position would be doing. Le suggested increasing the request to \$5,000 to compensate for the increase in minimum wage that will occur in January. Levy said that in week 3 he had to leave office hours early in order to try to stay below 10 hours. Carly Roberts, AS President, supports this increase, especially in light of what is happening at the university level with rental advocacy. Robby Eckroth, AS VP for Student Life will also need Levy’s help with talking to the Neighborhood Associations about the expansion of the shuttle. Roberts thinks that increasing this position to 14 hours, makes them closer to a coordinator level. She

wanted to make sure they were not doing something inequitable. Le asked for it to be 14 hours because he doesn't think this position has coordinator level responsibilities, such as supervision. He thinks that keeping it at an hourly rate but increasing the hours is the correct level. Galloway sees this position increasing in responsibility and importance until it is close to the level of the AS Legislative Liaison. Eckroth doesn't feel that many of the coordinator positions oversee students. Roberts thinks that the classifications don't necessarily make sense, and they should be examined later on. Kevin Majkut, Director of Student Activities, said it feels like they are assigning a lot of responsibilities and there are even more things coming up. It seems like this might be a really important year for local issues. He thinks that it could still be a pilot position as a Coordinator. Part of the way they look at positions is responsibilities and the other is how the hours are worked and controlled over time, and whether a position has different hourly demands per week. He thinks it is ok to approve this as an hourly position, but maybe after the first of the year they should consider moving it to salaried. He thinks it would be about \$1,000 more over the two years to have it as a salaried position. He thinks it might be hard for the liaison to keep track of the hours for this position because they are not always the same or in office hours. Levy thinks that right now they are asking for the 14 hours, but in his experience he thinks it would work better as a salaried position and it would make the job much easier. There are random meetings called often with this kind of position and planning out specific hours per week can be hard. Roberts thinks respectful of the position is to make it a salaried position. She thinks with the types of demands on this position and not having all of the hours in the office, it can be difficult to remember when to report hours worked. Also salaried positions have the security of a salary over breaks, etc. Roberts proposed a motion passing the request and revisiting it as a salaried position by the second meeting of spring quarter. Le thinks this is too short of a timeline of this position. He thinks that originally it had hourly responsibilities, now they are seeing that more obligations are happening. He feels they are arising because they have the position, rather than adding responsibilities because it is needed. Eckroth said that the position is needed. Before most of these issues came through the Campus Community Coalition and through the VP for Student Life, this bridge led to miscommunication. Galloway wasn't part of the drafting process of the original work study and positions are often different from how they look on paper. Sometimes it takes longer to do things that are in the job description than they could have estimated. Levy has shown that the demands of the position warrant more hours. Josie Ellison, AS VP for Academic Affairs would like to move back the deadline a little because of its proximity to Viking Lobby Day. Mayra Guizar, AS VP for Diversity thinks it would be best to wait until the end of the year to assess how the hours worked. Roberts said that in a perfect world waiting until the end of the year would be desirable. She thinks that out of respect for the person, if they are putting them at 14 to keep them under the coordinator level, for the ease of the employee they should change over to a salaried position. She said if this was not a pilot position she would be uncomfortable in changing it. She thinks that the Personnel and Finance Offices would mostly be handling the changes to the job description. Majkut said it would go to Personnel Committee (PC) for them to make the assessment about what the appropriate level would be. The Finance Office would just cancel one job and create another. Le thinks that they might as well just change it to salaried now because there isn't that much time between now and the second week of winter quarter. Le would like to give enough time for Personnel Committee to have time to review it. Galloway would like to bring it to PC now. Eckroth is in strong favor of moving it to salary as fast as possible. Galloway and Ellison dittoed. Levy can say after a month of being in the position, he can say for certain that it is not fit for an hourly position.

MOTION ASB-13-F-32 by Roberts

Amend ASB-13-SUM-13 increasing the funding amount to \$5,000 for two years, allowing the AS Local Liaison to work an average of 14 hours per week, with the stipulation that the status of this position as an hourly position is revisited by the second meeting of winter quarter 2014. Second: Ellison Vote: 0 - 7 - 0 Action: Failed

Le thinks that it might not fit in to the normal position classification. Le had concerns about directing the PC. Roberts wondered if it was necessary to approve it for 14 hours at this point or if they should wait for it to come back from the PC. Le suggested waiting until it was reviewed by PC and just clarifying to the person approving the timesheet that it is acceptable to work up to 14 hours. Galloway said that if PC doesn't approve as salary then it would still be 10 hours per week. Le asked if the Board is able to charge the PC with something. Majkut said the Board has the authority to do this, but it's heavy handed. They could just have them consider it, and then the Board would still make the decision at the end Majkut said it could be appropriate sometimes to do this; he's not sure it's needed in this case. Roberts said this type of delegation is the exception in the organization, because most things to go from the subcommittees to the Board. Roberts reminded them that the PC already looked at it. Le feels it would be good to have an outside group review this. Roberts said that there are seven knowledgeable people who are familiar with staff structures making this decision. She doesn't feel that PC is that external since the members are all overseen by someone who sits on the Board. Le suggested just approving it as a salaried position and then have PC make the changes. Roberts would like to send it to PC because it will offer a little more review. She feels anything else would be too much process given that the majority of Board Members support it being a salaried position. She feels voting now would be too little process. Le said that the Board is knowledgeable, but this is PC's structure he would like them to decide if it meets the criteria and make the decision. Roberts thanked people for the robust conversation.

MOTION ASB-13-F-33 by Roberts

Amend Board motion ASB-13-SUM-13 increasing the funding amount to \$5,000 per year for two years, allowing the AS Local Liaison to work an average of 14 hours per week with the stipulation that the Board charges Personnel Committee with reviewing this position's responsibilities in accordance with the existing position classifications with the intent that they create a recommendation with a salaried model of this position.

Second: Eckroth Vote: 5 - 1 - 1 Action: Passed

From the November 8, 2013 AS Board Meeting document:

The AS Local Liaison position for an average of 10 hours per week was passed by motion ASB-13-SUM-13: "Approve a two year pilot program for an hourly AS Local Liaison position with the expectation that there will be an assessment process at the end of the pilot, approve the AS Local Liaison Hourly Job Description, and approve \$3,500 per year for two year grant program from the AS Reserve Fund (FXXRES) for the AS Local Liaison position."

As expressed in the August 14, 2013 Board meeting, there was concern that an average of 10 hours per week was not enough hours, which has proven to be the case (as documented in the AS Local Liaison Hours Breakdown). It was expressed in the minutes that "Roberts thinks that they could bring the position back later in the year if more than 10 hours per week are needed." Based on the first month of employment and reviewing the position responsibilities, the AS Local Liaison needs to be funded an average of 14 hours per week to fully and effectively complete their job.

Bare Minimum Monthly General Responsibilities Breakdown:

- Weekly REP Meetings (4 hours)
- 3 Weekly Office Hours (12 hours)
 - Reports, research, emails, etc
- Weekly City Council Meetings (8 hours)
- Monthly Mayor's Neighborhood Advisory Commission (2.5 hours)
- Bimonthly County Council Meetings (4 hours)
- Monthly Campus Community Coalition Meetings (1 hour)
- Weekly Check-ins with REP Associate Director and VP for Governmental Affair (4 hours)
- Bi-weekly Check-ins with Assistant Director of Student Activities (1 hour)
- Legislative Affairs Council as needed (3 hours)

4 week total: 39.5 hours

Additional responsibilities needed and not included above:

- Additional Meetings
 - Weekly Rental Safety Work Group (1 hour each)
 - Take on a leadership role in the meetings? (Prepare and Chair the meetings (add additional time)
 - Meetings with: (frequency and duration will vary) (3 hours per week)
 - Students
 - Community
 - Elected Officials
 - Carly/Administration
 - Student Outreach (ongoing)
 - Help with campus campaigns of local issues (e.g. Rental Advocacy)
 - Work with Neighborhood Associations (e.g. South Campus Shuttles)

As you can see, there is a lot of work for this position, much of which will be left unaccomplished with the current number of hours allocated for the position.

Furthermore, I have talked with Joseph, 2013-14 AS Local Liaison, and he is willing and able to take on the additional hours if funding is approved.

Fiscal Impacts: In order for the AS Local Liaison to fully and effectively fulfill the responsibilities of their job description, they will need to work an average of 14 hours per week.

The cost breakdown follows:

$\$9.19 \text{ per hour} \times 14 \text{ hours a week} \times 36 \text{ weeks} \times 3\% \text{ benefits} = \$4,770$

Total NTE for two years = \$9,550

Rationale:

The AS Local Liaison will help to ensure student representation and voice at the local level which is vital in upholding the AS mission of student representation. In order for the AS Local Liaison to accomplish their position responsibilities fully and effectively, it is necessary to allocate additional funds for an average of 14 hours per week.
